ABOUT THE CONFERENCE

It is great honour and privilege to have this opportunity to invite you and your colleague to allocate your prestigious time and effort to participate in the national conference on **“ADVANCED RESEARCH IN PHARMACEUTICAL AND CHEMICAL SCIENCES – EMERGING CHALLENGES IN PRACTICE (NCARPC – ECP 2K17)”** The conference will feature lectures and invited talks from distinguished guests and noteworthy faculty. The conference will be an excellent occasion to be informative and intellectually stimulating. We will be pleased if you could join in our event.

ABOUT THE JNTUA- OTPRI

OTRI is the only one of its kind in India solely devoted to the R&D of oils, fats and related subjects. It is situated in a picture square campus of 10.52 acres land in Ananthapuramu on the National Highway 7 i.e. on the Bangalore road. It has established a sound tradition of technological research and gained National and International reputation. In fact, the institute is older than many of the National laboratories under CSIR and ICAR. The institute was taken over by JNTUA with a motto to develop the institute in the field of research by encouraging its activities and to expand its knowledge on Oil Research by conducting postgraduate courses like food-technology. Based on this aspect it has started postgraduate courses like Masters in Pharmaceutical analysis, Pharmacology, Pharmaceutics and B.Pharmacy. For more details about the college please see college brochure.

ABOUT ANANTHAPURAMU

Ananthapuramu is a city and the district headquarters of Ananthapuramu district, located in the state of Andhra Pradesh which is well connected by road and train. Ananthapuramu is renowned for tourist places like, the world's largest nandi stone sculpture at Lepakshi temple, Puttapparthi-home of Sri Satya Sai Baba. Thimmamma Marri Manu is the largest banyan tree spread over 5 acres (20,000m²) of land near

Kadiri. This tree was recorded as the biggest tree in Guinness Book of World Record in 1989. There are a few other places which are worth seeing.

MAJOR AREAS OF THE CONFERENCE

- Synthetic Chemistry, Medicinal Chemistry, Applied Chemistry, Industrial Chemistry, and Environmental Chemistry.
- Pharmaceutical Analysis, Quality Assurance
